Smart additions. Real impact.

Marco accessories are built to bring order, focus, and flexibility to every space.

PET room dividers and wall panels help reduce noise, create visual boundaries, and add learning moments with custom shapes, letters, or school names.

Whether you're managing movement or minimizing distractions, these details make a big difference.

Functional. Flexible. Built to work behind the scenes—so classrooms can shine.

FEATURES

- Lightweight acoustic panels made 100% from recycled PET material
- Steel frame and legs with Gray powder-coat finish
- Clear plastic guides for panel stability
- 2 ½" locking swivel casters for easy mobility
- Acoustic panels are available in four standard color options and eight special order color options
